Some exceptions may apply in extraordinary circumstances. The cancellation deadline is extended for eligible students pending their Coup de Pouce award notifications: see the Cultural Program Manager.

## Cultural Excursions, Activities and Tickets

Sign-up for cultural excursions, activities, and tickets is done through the Cultural Program website. To sign up, the student must pay the full amount of the excursion or ticket on the corresponding page. Once payment is made, no cancellations or refunds are possible.

A student may sell their ticket or seat to someone else, and the Cultural Program Office will do its best to help the student find a buyer; however, the financial transaction is solely the student’s responsibility.

## Priority for Participation

Students registered in corresponding course(s) of a study trip are given priority for participation on study trips. In the event of enrollment exceeding the number of spots prebooked, the Cultural Program Office team does their best to add extra spots to the trip. Please note, however, that sometimes this is not possible due to outside restraints (flights, hotels, etc.). In this case, students registered in the corresponding course(s) will be given priority and those who are

dropped from the trip are not responsible for the cost of the trip. In the event of there not being enough spots for everyone from the course(s), the date and time of registration will be taken into consideration.

## Other Participants

Individuals who are not current AUP students but who would like to participate in a study trip or activity must make a request directly to the Cultural Program Office no later than the study trip registration period of DROP/ADD. Participation is subject to availability. Unless otherwise agreed and established, outside participants pay the same fee as AUP participants. Payment for the Cultural Program activity is the only way to guarantee an outside individual’s participation in the study trip.

## Excused Absences

Students who are registered in a class corresponding to a study trip are excused by Academic Affairs from attending their other classes during the dates of the study trip if they are attending the trip. If the time of departure or arrival allows a student to attend class before leaving or after returning from a study trip, the student may be expected to do so and must be in contact with their professor to make sure this is clear for both the professor and the student.

Students who are registered in a study trip but who are not registered in the corresponding class are NOT officially excused from their classes by Academic Affairs. Students are advised to contact their professors before registering for a trip to see if their professor can permit their absence. The Cultural Program cannot issue refunds for trips if a student decides to cancel after the DROP/ADD deadline because their professor cannot excuse their absence from class.

## Accommodation, Transportation and Special Arrangement Requests

In most cases, students share accommodation in sets of twin, triple, and quad (or more in specific circumstances), depending on the establishment and trip budget. Students may submit special rooming requests. In most cases, transportation is reserved in advance by the Cultural Program Office in order to secure the best possible times according to the professor's schedule and obtain the best possible prices. Students wishing to arrange their own lodging or transportation, or any other specific requests must make this

clear upon confirmation of the trip. To make special arrangements, student must contact the Cultural Program Office and submit the request in writing via email. The Cultural Program Office will do its best to accommodate special requests. Special arrangements require approval by the Cultural Program Manager and in certain cases, the accompanying professor. Please note that approval of special requests may not always be possible because of trip specific reservation or budget restraints. In all cases, students will be charged for group and professor-related fees. Any extra cost associated with a special arrangement is the responsibility of the student.

## Carte de Séjour

Any student who registers for a cultural excursion or study trip that involves travel outside of France and who does not have the proper documents to travel at the date of the study trip, or who does not correctly fulfill the Carte de Séjour requirements by providing the necessary documents to the Student Immigration Services Office at the start of the semester and is, therefore, unable to travel, will be held responsible for the cost of the trip. **No exceptions to this rule.**

See the Student Immigration Services Office if you are not sure that you have the proper documents to travel and notify the Cultural Program Office upon registration.

## Visas

Students are responsible for knowing the visa requirements for their nationality for travel outside of France. If a visa is required, the Cultural Program Office can provide a letter that attests to the student participating on a university-sponsored tourism trip. This can be taken to the embassy or consulate of the relevant country as part of the application to obtain a visa. It is highly advised, once registered for a trip, to contact the relevant embassy or consulate as soon as possible to

confirm the visa requirements and the cost and time needed to deliver the visa. Any student who is unable to participate in a trip because of failure to complete visa arrangements will be held responsible for the cost of the trip.

## Conduct

Any behavior on Cultural Program study trips or excursions that violates either the University's Standards of Conduct or local legislation is prohibited and can result in disciplinary action. In extreme cases, students may be asked to leave the group and return home. See The American University of Paris Handbook for more information.
